Subject : VOC Content of RD-Metal Unicoat

RD Coatings herewith confirms that the VOC content of its product RD-Metal Unicoat will not exceed 60 g/L.

According to European Regulation 2004/42/CE the VOC content of waterborne anticorrosion coatings should be limited to 140 g/L.

RD-Metal Unicoat is also fully compliant to test method Green Seal GC-03 for anticorrosion paints.

A handwritten signature in blue ink, appearing to read 'Philippe Rondou', is written over the printed name and title.

Philippe Rondou
General Manager
